

Hi, I'm Jenna.

I like clean code and a clean design

The work featured on this portfolio were completed during MCAD's Interactive Design and Marketing Program.

Experimental Interaction Portfolio

JavaScript/jQuery, Fall 2015

This website was created for the Javascript/jQuery class final. The portfolio features excersies and assignments completed during the Summer 2015 class Experimental Interaction.

Srazhalys, II

Web Development II, Spring 2015

Srazhalys is a Twin Cities string band that was in need of a website for their show announcements and blog. This website is created with a custom WordPress theme and built using server-side scripting language PHP.
